Amy Mullee, Section of Nutrition and Metabolism  
Hwayoung Noh, Section of Nutrition and Metabolism  
Chiara Scoccianti, Section of IARC Monographs (Co-responsible Officer)  
Magdalena Stepien, Section of Nutrition and Metabolism  
Kurt Straif, Section of IARC Monographs (Section Head)  
Kayo Togawa, Section of Environment and Radiation

**NOTE REGARDING CONFLICTS OF INTERESTS:** Each participant first received a preliminary invitation with the request to complete and sign the IARC/WHO Declaration of Interests, which covers employment and consulting activities, individual and institutional research support, and other financial interests.

Official invitations were extended after careful assessment of any declared interests that might constitute a real or perceived conflict of interest. Pertinent and significant conflicts are disclosed here. Information about other potential conflicts that are not disclosed may be sent to the Head of the Monographs Programme at [imo@iarc.fr](mailto:imo@iarc.fr).

Participants identified as Invited Specialists did not serve as meeting chair or subgroup chair, draft text that pertains to the description or interpretation of cancer data, or participate in the evaluations. The Declarations were updated and reviewed again at the opening of the meeting.

**NOTE REGARDING OBSERVERS:** Each Observer agreed to respect the Guidelines for Observers at *IARC Handbooks* meetings. Observers did not serve as meeting chair or subgroup chair, draft any part of a *Handbook*, or participate in the evaluations. They also agreed not to contact participants before the meeting, not to lobby them at any time, not to send them written materials, and not to offer them meals or other favours. IARC asked and reminded Working Group Members to report any contact or attempt to influence that they may have encountered, either before or during the meeting.
