Shama Virani, Genomic Epidemiology Branch

NOTE REGARDING CONFLICTS OF INTERESTS:

Working Group Members and Invited Specialists served in their individual capacities as scientists and not as representatives of their government or any organization with which they are affiliated. Affiliations are provided for identification purposes only.

Invited Specialists did not serve as Meeting Chair or Subgroup Chair, draft text that pertains to the description or interpretation of cancer data, or participate in the evaluations.

Each participant was asked to declare potentially relevant research, employment, and financial interests that are current or that have occurred during the past 4 years. Minimal interests are not disclosed here, and include stock valued at no more than US\$ 1000 overall, grants that provide no more than 5% of the research budget of the expert's organization and that do not support the expert's research or position, and consulting or speaking on matters not before a court or government agency that does not exceed 2% of total professional time or compensation. All other non-publicly funded grants that support the expert's research or position and all consulting or speaking on behalf of an interested party on matters before a court or government agency are disclosed as potentially significant conflicts of interests.

IARC Handbooks of Cancer Prevention
VOLUME 19: ORAL CANCER PREVENTION
4–11 December 2021

NOTE REGARDING OBSERVERS:

The Observers agreed to respect the Guidelines for Observers at *IARC Handbooks* meetings. The Observers did not serve as Meeting Chair or Subgroup Chair, draft any part of the *Handbook*, or participate in the evaluations. They also agreed not to contact participants before the meeting, not to lobby them at any time, not to send them written materials, and not to offer them meals or other favours. IARC asked and reminded Working Group Members to report any contact or attempt to influence that they may have encountered, either before or during the meeting.
