

IARC Handbooks of Cancer Prevention
VOLUME 17: COLORECTAL CANCER SCREENING
Lyon, France: 14-21 November 2017

LIST OF PARTICIPANTS

Working Group Members and Invited Specialists served in their individual capacities as scientists and not as representatives of their government or any organization with which they are affiliated. Affiliations are provided for identification purposes only.

Members

Samar Alhomoud, King Faisal Specialist Hospital and Research Center, Saudi Arabia
Johannes Blom, Karolinska Institutet, Sweden (Subgroup Chair, Direct visualisation tests)
Michael Bretthauer, University of Oslo, Norway¹
Jean-Luc Bulliard, Lausanne University Hospital, Switzerland
Douglas Corley, Kaiser Permanente, USA
Montserrat Garcia Martinez, Catalan Institute of Oncology, Spain
Michael Hoffmeister, German Cancer Research Center (DKFZ), Germany
Rolf Hultcrantz, Karolinska Institutet, Sweden
Iris Lansdorp-Vogelaar, Erasmus Medical Center, The Netherlands
Iris Nagtegaal, Radboud University Medical Center, The Netherlands
Paul Pinsky, US National Cancer Institute, USA (Overall Chair)
Linda Rabeneck, Cancer Care Ontario/University of Toronto, Canada (Subgroup Chair, Stool-based tests)
Suleeporn Sangrajrang, National Cancer Institute, Thailand
Peter Sasieni, King's College London, United Kingdom
Robert Smith, American Cancer Society, USA (Subgroup Chair, Emerging techniques and high-risk populations)
Robert Steele, University of Dundee, United Kingdom
Joseph Sung, The Chinese University of Hong Kong, Hong Kong Special Administrative Region, China
Carolina Wiesner Ceballos, National Cancer Institute, Colombia (Subgroup Chair, Colorectal cancer and screening practices)
Ann Graham Zauber, Memorial Sloan Kettering Cancer Center, USA

Invited Specialists

Josep M. Augé Fradera, Hospital Clinic of Barcelona, Spain²
Douglas Robertson, VA Medical Center, USA³
Carlo Senore, Reference Center for Epidemiology and Cancer Prevention in Piemonte, Italy⁴

¹ Michael Bretthauer's research unit has received screening devices free of charge from various companies (and returned them back to the manufacturer after the trials) for investigator-initiated and-run screening trials.

² Josep Augé Fradera has received significant research support from the Menarini Group, Sysmex Corporation, and Sentinel Diagnostics.

³ Douglas Robertson is a member of the Scientific Advisory Board of Medtronic. He performs some medico-legal consulting work, particularly on delayed diagnosis of colorectal cancer.

IARC Handbooks of Cancer Prevention
VOLUME 17: COLORECTAL CANCER SCREENING
Lyon, France: 14-21 November 2017

Representatives of national and international health agencies

Chisato Hamashima, National Cancer Center, Japan

Jae Kwan Jun, Korean National Cancer Center, Republic of Korea

Luciana Neamtiu, European Commission, DG Joint Research Centre, Italy

Observers

Rafael Carel, University of Haifa, Israel

IARC / WHO secretariat

Maribel Almonte, Prevention and Implementation Group

Armando Baena, Prevention and Implementation Group

Franca Bianchini, Visiting Scientist, IARC Handbooks Group

Marilys Corbex, WHO EURO, Denmark

Ian Cree, WHO/IARC Classification of Tumours Group

Carolina Espina Garcia, Environment and Radiation Section

David Forman, Visiting Scientist, Office of IARC Director

Neela Guha, IARC Monographs Group

André Ilbawi, WHO HQ, Switzerland

Béatrice Lauby-Secretan, IARC Handbooks Group (Responsible Officer, Head, IARC Handbooks Group)

Joannie Lortet-Tieulent, Infections and Cancer Epidemiology Group

Olena Mandrik, Prevention and Implementation Group

Filip Meheus, Prevention and Implementation Group

Karen Müller, Group of Communications (Editor)

Jin Young Park, Prevention and Implementation Group

Claudia Robles, Prevention and Implementation Group

Catherine Sauvaget, Screening Group

Farida Selmouni, Screening Group

Vitaly Smelov, Prevention and Implementation Group

Kurt Straif, Head, Section of Evidence Synthesis and Classification

Nadia Vilahur, IARC Handbooks Group

⁴ Carlo Senore's institution has received equipment support for research from Covidien (previously Given Imaging) and EndoChoice, and received research support from a joint venture of the Piedmont Region and im3D S.P.A.

IARC Handbooks of Cancer Prevention
VOLUME 17: COLORECTAL CANCER SCREENING
Lyon, France: 14-21 November 2017

NOTE REGARDING CONFLICTS OF INTERESTS: Each participant first received a preliminary invitation with the request to complete and sign the IARC/WHO Declaration of Interests, which covers employment and consulting activities, individual and institutional research support, and other financial interests.

Official invitations were extended after careful assessment of any declared interests that might constitute a real or perceived conflict of interest. Pertinent and significant conflicts are disclosed here. Information about other potential conflicts that are not disclosed may be sent to the Head of the Handbooks Group at ihb@iarc.fr.

Participants identified as Invited Specialists did not serve as meeting chair or subgroup chair, draft text that pertains to the description or interpretation of cancer data, or participate in the evaluations. The Declarations were updated and reviewed again at the opening of the meeting.

NOTE REGARDING OBSERVERS: The Observers agreed to respect the Guidelines for Observers at *IARC Monographs* meetings. The Observers did not serve as meeting chair or subgroup chair, draft any part of a *Handbook*, or participate in the evaluations. They also agreed not to contact participants before the meeting, not to lobby them at any time, not to send them written materials, and not to offer them meals or other favours. IARC asked and reminded Working Group Members to report any contact or attempt to influence that they may have encountered, either before or during the meeting.
